PROGRAM WEDNESDAY 19 AUGUST 2015 DISCOVERING BRUGES

Responsible: Fabienne Van Dam (mobile: +32- (0)495 50 65 86)

Known as the Venice of the North, Bruges is one of the most beautiful cities in Europe. The current city boundaries still coincide exactly with those of the medieval city centre, and the spaces and structures that were so typical of Bruges in the past have been preserved. This, however, does not mean that there is no room for modern architecture and modern work and living spaces.

Bruges, a world heritage site

It was a justified motive that prompted Unesco in 2000 to include the entire historical city centre on the World Heritage list. To take a walk through the unique historical heart is really a must. Walking along the maze of winding cobbled alleys and romantic canals, you imagine yourself to be in medieval times.

Bruges by boat

During a roundtrip on the picturesque city canals, you will discover Bruges from quite a different and surprising point of view.
